REPORT NO.

THIS IS UNEVALUATED INFORMATION

50X1-HUM

1. The United State Radio-Technical Works (Zjednoczone Panstwowe Zaklady Radiotechniczne) is located on Szkolna Street in Dzierzoniow (Reichenbach - P 51/H 27). It employs 350 persons, producing microphones, loudspeakers, and Pioneer type radio receivers (4-tube, six wave bands). Tubes, oscillators, and medium frequency devices are obtained

50X1-HUM

2. The Pioneer sets are made on a conveyor system, resulting in poor quality production. They are made for the domestic market, and are not popular. The Czech Tesla and the Soviet Rekord are more frequently found in Poland.

50X1-HUM

Both the Tesla and Rekord have four tubes and four wave bands. The cabinets of the latter are badly finished, being painted instead of varnished. The Pioneer sells for 750 zl., the Tesla for 450 zl., and the Rekord for 600 zl.
